Under Section 49061 of the CA Education Code, parents of community college students do not have a right of access to their students' records, regardless of whether the student is under the age of 18. Per this regulation, students' college records will not be released to parents ***without a Consent for Release of Student Information completed and submitted by the student.*** <https://www.msjc.edu/enroll/ferpa-regulations.html>
6. **Parents Contacting Instructors/Registration Involvement:** Instructors work directly with ***students only.*** Instructors are not required to discuss student performance or other student-related issues with parents. Students must act on their own behalf. Parents, guardians, relatives, or friends of MSJC students are not permitted to enroll, drop, or add classes on behalf of the student. The same applies to requesting transcripts or grade verifications.
