Report on the Financial Statements

We have audited the accompanying financial statements of the Mt. San Jacinto Community College District, as of and for the fiscal years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Mt. San Jacinto Community College District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Mt. San Jacinto Community College District, as of June 30, 2019 and 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis on pages 4 through 12, and the schedule of changes in net OPEB liability and related ratios, schedule of contributions – OPEB, schedule of proportionate share of the net pension liability – Medicare Premium Program, schedule of contributions – Medicare Premium Program, schedule of proportionate share of the net pension liability, and the schedule of contributions – pensions on pages 58-63 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Mt. San Jacinto Community College District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of Federal awards, which is required by the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2019 on our consideration of the Mt. San Jacinto Community College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Mt. San Jacinto Community College District's internal control over financial reporting and compliance.

USING THIS ANNUAL REPORT

The purpose of this annual report is to provide readers with information about the activities, programs, and financial condition of the Mt. San Jacinto Community College District (the District) as of June 30, 2019 and 2018. The report consists of three basic financial statements: The Statements of Net Position; Statements of Revenues, Expenses, and Changes in Net Position; and Statements of Cash Flows and provides information about the District as a whole. This section of the annual financial report presents our discussion and analysis of the District's financial performance during the fiscal years ending June 30, 2019 and 2018. Please read it in conjunction with the District's financial statements, which immediately follow this section. Responsibility for the completeness and accuracy of this information rests with District management.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Mt. San Jacinto Community College District's financial statements are presented in accordance with Governmental Accounting Standards Board Statements (GASB) No. 34, Basic Financial Statements – and Management's Discussion and Analysis - for State and Local Governments, and No. 35, Basic Financial Statements – and Management Discussion and Analysis - for Public College and Universities. These statements allow for the presentation of financial activity and results of operations which focuses on the District as a whole. The entity-wide financial statements present the overall results of operations whereby all of the District's activities are consolidated into one total versus the traditional presentation by fund type. The focus of the Statements of Net Position is designed to be similar to the bottom line results of the District. These statements combine and consolidate current financial resources with capital assets and long-term obligations. The Statements of Revenues, Expenses, and Changes in Net Position focus on the costs of the District's operational activities with revenues and expenses categorized as operating and nonoperating, and expenses are reported by natural classification. The Statements of Cash Flows provides an analysis of the sources and uses of cash within the operations of the District.

The California Community Colleges Chancellor's Office has recommended that all State community colleges follow the Business-Type Activity (BTA) model for financial statement reporting purposes.

Operating Results for the Year, continued

The District's expenses consisted primarily of employee salaries, benefits, supplies and operating items, and payments to students for financial aid. Total salaries increased \$3.2 million over the prior year, due primarily to cost of living adjustment (COLA) and new faculty positions. Benefits increased \$5.9 million due to State contributions, on-behalf of District employees and increases in required contributions, and pension expenses. Operating and nonoperating expenses are comparatively reflected below:

In accordance with requirements set forth by the California Community Colleges Chancellor's Office, the District reports operating expenses by object code. Operating expenses by functional classification are as follows:

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of the 2018-19 fiscal year, the District had \$225.0 million in a broad range of capital assets, including land, buildings, and furniture and equipment. At June 30, 2019, the District's net capital assets were \$173.0 million. Major capital improvement projects are ongoing throughout the college campuses. These projects are primarily funded through the General Obligation Bonds issued by the District. Projects will be accounted for within our Construction in Progress account until the project is completed at which time the cost will be recorded to the depreciable capital asset categories.

UNRESTRICTED GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the District revises its budget to provide for unanticipated changes in revenues and expenditures. The Board of Trustees adopted the final amendment for the fiscal year 2018 – 2019 budget on September 12, 2019.

ECONOMIC FACTORS AFFECTING THE FUTURE OF THE MT. SAN JACINTO COMMUNITY COLLEGE DISTRICT

The State of California approved its budget on June 27, 2019. The General Fund budget of \$214.8 billion includes the largest reserve in history. The Governor places a high priority on building reserves with a total Rainy Day Fund of \$16.5 billion. The budget also provides an investment in education by increasing the funding amount per K-12 pupil, adding recruitment funding, increasing funding for K-14 special education, tuition freezes and scholarship increases. To help provide relief for the rising CalSTRS and CalPERS, the state budget pays \$9 billion over the next four years to pay down the unfunded pension liability.

The Student Centered Funding Formula (SCFF) remains at 70% Base FTEs, 20% Supplemental (student needs) and 10% Success with a proposal to extend the hold harmless provision until 2021-22, providing districts with the amount of funding received in 2017-18 plus cost-of-living adjustments (COLA) for each year. There is not adequate funding available to fully implement the SCFF so District growth is constrained to 8.1 percent in 2019-2020. The outcomes allocation of the funding formula has been limited to 10% over the prior year.

The State Budget also included funding for two high-priority science, technology, engineering and math (STEM) building projects for San Jacinto and Menifee Valley campus. Half of the cost of the STEM projects will be paid for out of Measure AA funds. The remainder will be funded from Prop. 51, approved by voters in November 2016. The 2019-2020 state budget approved \$535.3 million from Prop. 51 to support 59 community college projects.

On the San Jacinto Campus, a \$43.9 million, 36,922-square-foot STEM building will include science labs and lecture rooms, general classrooms, math and general studies labs and faculty offices. The Menifee Valley Campus will be able to add a \$52 million, 41,865-square-foot state-of-the-art STEM building featuring laboratory and multi-use, computer-based instructional areas. These buildings have been in our plans for several years and this state funding will help us finally bring them to fruition for the communities we serve. Students could begin attending courses in the San Jacinto Campus Science and Technology Building as early as late 2023 and the Menifee Valley Campus Math and Science Building in 2024.

In the Fall of 2019, the District opened Health Centers at the San Jacinto and Menifee campuses. This enables students to access services such as health consultations, triage for first aid and emergency care, wellness education, mental health counseling, referrals and a lactation room for nursing mothers. By providing these critical services, we hope to remove potential barriers that can prevent students from succeeding in achieving their academic goals.

The renovation of our five-story 350,000 Temecula Valley Campus began in August 2019, this project includes retrofit, structural engineering, and renovation. It is anticipated classes will begin in Fall 2020 with all renovations complete in Spring 2021.

Other Capital Outlay Projects in 2019-2020 include renovation of the 700 building at the Menifee Valley Campus that will be a new Student Services Center, which is scheduled to be completed in December 2020. There is also a 5,000 seat Stadium at the Menifee Valley Campus in planning development with an anticipated completion date of June 2022.

**MT. SAN JACINTO COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 1 – ORGANIZATION

The Mt. San Jacinto Community College District (the District) was established in 1962 as a political subdivision of the State of California and is a comprehensive, public, two-year institution offering educational services to residents of the surrounding area. The District operates under a locally elected five-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, capital project funds, and proprietary funds, but these budgets are managed at the department level. Currently, the District consists of a single college with one center and two other offsite locations located within Riverside County. While the District is a political subdivision of the State of California, it is legally separate and is independent of other State and local governments, and it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statements No. 39 and No. 61. The District has considered all potential component units in determining how to define the reporting entity using criteria set forth in accounting principles generally accepted in the United States of America. The basic criteria for including a component unit are (1) the economic resources held or received by the other entity are entirely or almost entirely for the direct benefit of the District, (2) the District is entitled to, or has the ability to otherwise access, a majority of the economic resources held or received by the other entity, and (3) the other entity's resources to which the District is entitled, or has the ability to otherwise access, are significant to the District. If any of these criteria are not met, the final criterion for including a component unit is whether the other entity is closely related to, or financially integrated with, the District. The District identified no component units.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The District has adopted GASB Statement No. 61, Determining Whether Certain Organizations are Component Units. This statement amends GASB Statement No. 14, The Financial Reporting Entity, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District. The three components used to determine the presentation are: providing a "direct benefit", the "environment and ability to access/influence reporting", and the "significance" criterion. As defined by accounting principles generally accepted in the United States of America and established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, the District. Management has reviewed the following potential component units and has determined the established criteria has not been met, and the financial activity has been excluded from the District's reporting entity:

Mt. San Jacinto Community College Foundation - The Foundation is a legally separate not-for-profit corporation. The Board of Directors is elected by their own Board and independent of any District Board of Trustees appointments. The Board is responsible for approving its own audit and accounting and finance related activities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37 and No. 38. This presentation provides a comprehensive entity-wide perspective of the District's assets, liabilities, activities, and cash flows and replaces the fund group perspective previously required. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. The significant accounting policies followed by the District in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. Additionally, the District's policies comply with the California Community Colleges Chancellor's Office Budget and Accounting Manual. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All material intra-agency and intra-fund transactions have been eliminated.

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are classified as operating revenues. These transactions are recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Mt. San Jacinto Community College District, operating revenues consist primarily of student fees and auxiliary activities through the bookstore and cafeteria.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain Federal and State grants, entitlements, and donations. Property tax revenue is recognized in the fiscal year received. State apportionment revenue is earned based upon criteria set forth from the Community Colleges Chancellor's Office and includes reporting of full-time equivalent students (FTES) attendance. The corresponding apportionment revenue is recognized in the period the FTES are generated. Revenue from Federal and State grants and entitlements are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements may include time and/or purpose requirements.

Operating expenses are incurred to provide instructional services including support costs, auxiliary services, and depreciation of capital assets. All other expenses not meeting this definition are reported as nonoperating. Expenses are recorded on the accrual basis as they are incurred; when goods are received or services are rendered.

The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements. The District has not elected to apply FASB pronouncements after that date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation, continued

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, and GASB Statement No. 35, Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities, as amended by GASB Statements No. 37 and No. 38. The business-type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
- Statement of Net Position - Primary Government
 - Statement of Revenues, Expenses, and Changes in Net Position - Primary Government
 - Statement of Cash Flows - Primary Government
 - Financial Statements for the Fiduciary Funds including:
 - Statement of Net Position – Fiduciary Funds
 - Statement of Changes in Net Position – Fiduciary Funds
- Notes to the Financial Statements

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with county treasury balances for purposes of the Statement of Cash Flows. Restricted cash and cash equivalents represent balances restricted by external sources such as grants and contracts or specifically restricted for the repayment of capital debt.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments held at June 30, 2019 and 2018, are stated at fair value. Fair value is estimated based on quoted market prices at year-end. Short-term investments have an original maturity date greater than three months, but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Restricted Assets

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets represent investments required by debt covenants to be set aside by the District for the purpose of satisfying certain requirements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Accounts Receivable

Accounts receivable include amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. The District provides for an allowance for uncollectible accounts as an estimation of amounts that may not be received. This allowance is based upon management's estimates and analysis. The allowance was estimated at \$250,595 for the year ended June 30, 2019.

Prepaid Expenses

Prepaid expenses represent payments made to vendors and others for services that will benefit periods beyond June 30, 2019.

Inventories

Inventories consist primarily of bookstore supplies held for resale to the students and faculty of the college. Inventories are stated at cost, utilizing the weighted average method. The cost is recorded as an expense as the inventory is sold.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction in progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$2,000 and an estimated useful life greater than one year. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements to buildings and land that significantly increase the value or extend the useful life of the asset are capitalized; the costs of routine maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged as an operating expense in the year in which the expense was incurred. Major outlays for capital improvements are capitalized as construction in progress as the projects are constructed.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 15 to 50 years; improvements, 20 years; equipment, 5 to 20 years.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

**MT. SAN JACINTO COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Debt Issuance Costs, Premiums, and Discounts

Issuance costs related to prepaid insurance costs are amortized over the life of the bonds using the straight-line method, all other costs related to debt issuance are expensed when incurred.

Deferred Gain/Loss on Refunding

Deferred gain/loss on refunding is amortized using the straight-line method over the lesser of the remaining life of the debt or the remaining life of the refunded debt.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The amounts have been recorded in the fund from which the employees, who have accumulated the leave, are paid. The District also participates in "load-banking" with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period.

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, retirement credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Retirement credit for unused sick leave is available to all full-time employees based on the California Public Employees' Retirement System (CalPERS) and the California State Teachers' Retirement System (CalSTRS) criteria.

**MT. SAN JACINTO COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized. Unearned revenue includes (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met are recorded as unearned revenue.

Noncurrent Liabilities

Noncurrent liabilities include lease revenue bonds, compensated absences, load banking, capital lease obligations, golden handshake, and OPEB obligations with maturities greater than one year.

Net Position

GASB Statements No. 34 and No. 35 report equity as "Net Position" and represent the difference between assets and liabilities. The net position is classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following net asset categories:

Net Investment in Capital Assets consists of capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. To the extent debt has been incurred, but not yet expended for capital assets, such accounts are not included as a component invested in capital assets – net of related debt.

Restricted: Net position is reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

None of the District's restricted net position has resulted from enabling legislation adopted by the District.

Unrestricted: Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

State Apportionments

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year. When known and measurable, these recalculations and corrections are accrued in the year in which the FTES are generated.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. The Riverside County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Riverside bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when the County notifies the District of the availability of the revenues.

Board of Governors Grants (BOGG) and Fee Waivers

Student tuition and fee revenue is reported net of allowances and fee waivers approved by the Board of Governors through BOGG fee waivers in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payments on the students' behalf. To the extent that fee waivers have been used to satisfy tuition and fee charges, the District has recorded a scholarship discount and allowance.

Federal Financial Assistance Programs

The District participates in federally funded Pell Grants, SEOG Grants, and Federal Work-Study programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to students in the form of reduced tuition. These programs are audited in accordance with the *OMB Compliance Supplement*

On Behalf Payments

GASB Statement No. 24 requires direct on behalf payments for fringe benefits and salaries made by one entity to a third-party recipient for the employees for another legally separate entity be recognized as revenues and expenditures by the employer entity. The State of California makes direct on behalf payments to CalSTRS and CalPERS on behalf of all community colleges in California. The amount of the on-behalf payments made for the District for the year ended June 30, 2019, was \$3,964,650 for CalSTRS and \$1,422,263 for CalPERS. These amounts are reflected in the District's audited financial statements.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Interfund Activity

Interfund transfers and interfund receivables and payables for governmental activities are eliminated during the consolidation process in the entity-wide financial statements.

New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the District.

GASB Statement No. 83 – Certain Asset Retirement Obligations. The objective of this Statement is to address accounting and financial reporting for certain asset retirement obligations. The Statement is effective for periods beginning after June 15, 2018.

GASB Statement No. 84 – Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for periods beginning after December 15, 2018.

GASB Statement No. 87 – Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement is effective for periods beginning after December 15, 2019.

GASB Statement No. 88 – Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements. The objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarified which liabilities government should include when disclosing information related to debt. The Statement is effective for periods beginning after June 15, 2018.

GASB Statement No. 90 – Accounting for Interest Cost Incurred before the End of a Construction Period. The objective of this Statement is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units.

Comparative financial information for the prior year has been presented for additional analysis; certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

NOTE 3 - DEPOSITS AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

NOTE 3 - DEPOSITS AND INVESTMENTS, continued

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section (ECS) 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis. The County Treasurer also holds investments in a separate investment agreement account other than the County Pooled Investment noted above on behalf of the District.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer

	Fiduciary Funds
Cash on hand and in banks	<u>\$ 161,829</u>

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Specific Identification

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the District's investment by maturity:

Investment Type	Fair Market Value	Weighted Average of Maturity in Years
Riverside County Treasury Pooled Investment	\$ 164,280,535	1.06

NOTE 3 - DEPOSITS AND INVESTMENTS, continued

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investments in the Riverside County Treasury pool are rated Aaa/AA+ by Moody's Investors Service and Fitch ratings as of June 30, 2019.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk. However, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2019, the District's bank balance was fully collateralized with eligible collateral in accordance with California Government Code Section 53651.

Custodial Credit Risk - Investments

This is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The cash held in the County Treasury is uncategorized and the fair value approximates carrying value are shown above in the credit risk schedule. Deposits with the County Treasury are not categories because they do not represent securities which exist in physical or book entry form. The deposits with the County Treasury are valued using the amortized cost method (which approximates fair value). The fair values are provided by the County Treasurer. As of June 30, 2019, \$163,617,557 is invested in the Riverside County Treasurer's Pooled Investment Fund.

NOTE 4 - ACCOUNTS RECEIVABLE

Accounts receivable for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources. As of June 30, 2019, accounts receivable amounted to \$5,666,569. By October 31, 2019, the date of this audit report, \$1,917,013 had been collected and all remaining balances appear collectible.

NOTE 8 – OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Qualified employees are covered under multiple-employer post-employment benefit plans maintained by the District. This includes the District's single-employer defined benefit healthcare plan and the State Medicare Premium Program. The District reported its proportionate share of the net OPEB liabilities as follows:

OPEB Plans	Net OPEB Liabilities
California Employers' Retirement Benefit Trust	\$ 6,978,826
Medicare Premium Payment Program	308,435
Total	<u>\$ 7,287,261</u>

OPEB Plan - California Employers' Retirement Benefit Trust

Plan Description – The Mt. San Jacinto Community College District has established a GASB Statement No. 43 trust with California Employers' Retirement Benefit Trust to fund future OPEB obligations. As of June 30, 2019, the value of the Plan assets was \$5,472,884.

The Mt. San Jacinto Community College District Plan (the Plan) is a single-employer defined benefit healthcare plan administered by the District. The Plan provides medical benefits to eligible retirees and their spouses. Membership of the Plan consists of 83 retirees and retiree beneficiaries currently receiving benefits and 517 active plan members.

Funding Policy – The contribution requirements of plan members and the District are established and may be amended by the District and the District's bargaining units. Currently, plan members do not make contributions. The District provides 100 percent of the contribution. The required contribution is based on projected pay-as-you-go financing requirements with an additional amount to prefund benefits as determined annually through agreements between the District and the bargaining units.

Contributions – Eligible employees are not permitted to make contributions to the Trust. The Plan administrator shall, on behalf of the employer, make all contribution to the Trustee. All contributions shall be paid to the Trustee for investment and reinvestment pursuant to the terms of the trust agreement. The District does not have contractually required contributions rates, but contributes in an amount sufficient to fully fund the Net OPEB obligation over a period not to exceed 30 years. Contributions to the Trust from the District were \$500,000 for the year ended June 30, 2019. These represent deferred outflows of resources in the financial statements.

OPEB Plan Investments

The plan discount rate of 7% was determined using the following asset allocation and assumed rate of return:

Asset Class	Percentage of Portfolio	Rate of Return*
US Large Cap	43%	7.8%
US Mid Cap	23%	7.8%
Long-Term Corporate Bonds	12%	5.3%
Long-Term Government Bonds	6%	4.5%
Treasury Inflation Protected Securities (TIP)	5%	7.8%
US Real Estate	8%	7.8%
All Commodities	3%	7.8%

*Geometric Average

Rolling periods of time for all asset classes in combination we used to appropriately reflect correlation between asset classes. This means that the average returns for any asset class do not necessarily reflect the averages over time individually, but reflect the return for the asset class for the portfolio average. Additionally, the historic 30-year real rates of return for each asset class along with the assumed long-term inflation assumption was used to set the discount rate. The investment return was offset by assumed investment expenses of 25 basis points. It was further assumed that contributions to the plan would be sufficient to fully fund the obligation over a period not to exceed 30 years.

OPEB Plan – Medicare Premium Payment Program

General Information about the OPEB Plan

Plan Description – The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (OPEB) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers’ Health Benefits Fund (THBF).

Benefits Provided – The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the STRP DB Program who were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A. The MPP Program is closed to new entrants as members who retire after July 1, 2012, are not eligible for coverage under the MPP Program.

MPP provides healthcare benefits for retirees and their dependents through payment of 100 percent of insurance premiums for non-Medicare-eligible retirees and supplemental health insurance for Medicare-eligible retirees.

Contributions – The MPP Program is funded on a pay-as-you-go basis from a portion of monthly employer contributions. In accordance with California Education Code Section 25930, contributions that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, Mt. San Jacinto Community College District reported a liability of \$308,435 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017. Mt. San Jacinto Community College District's proportion of the net OPEB liability was based on Mt. San Jacinto Community College District's share of benefit payments under the program for the year ending June 30, 2018. At June 30, 2018, Mt. San Jacinto Community College District's proportion was 0.08058 percent.

For the year ended June 30, 2019, Mt. San Jacinto Community College District recognized OPEB expense of \$236,536. At June 30, 2019, Mt. San Jacinto Community College District reported no deferred outflows of resources and deferred inflows of resources related to OPEB.

Because the plan is funded on a pay-as-you-go basis, investment earnings are negligible and are fully recognized in the year in which they occur.

As stated above, Mt. San Jacinto Community College District does not contribute directly for this benefit. Consequently, there are no deferred outflows of resources attributable to contributions subsequent to the Measurement Date.

Actuarial Assumptions – The total OPEB liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2017
Measurement Date	June 30, 2018
Actuarial Cost Method	Entry Age Normal
Discount Rate	3.87%
Inflation	2.75%
Payroll Growth	Not Applicable
Projected Salary Increase	Not Applicable
Investment Rate of Return	3.58%
Mortality Rate Table*	Derived Using CalSTRS' Membership Data

* CalSTRS used mortality assumptions based on the July 1, 2010, through June 30, 2015, experience study adopted by the CalSTRS Board in February 2017. CalSTRS now uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

Discount Rate – The discount rate used to measure the total OPEB liability as of June 30, 2017 and 2016 was 3.58% and 2.85%, respectively. The MPP Program is funded on a pay-as-you-go basis, and under the pay-as-you-go method, the OPEB plan's fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, a discount rate of 3.58% and 2.85%, which is the Bond Buyer 20-Bond GO Index from Bondbuyer.com as of June 30, 2017 and 2016, respectively, was applied to all periods of projected benefit payments to measure the total OPEB liability.

Sensitivity of Mt. San Jacinto Community College District's proportionate share of the net OPEB liability to changes in the discount rate – The following presents Mt. San Jacinto Community College District's proportionate share of the net OPEB liability, as well as what Mt. San Jacinto Community College District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58% percent) or 1-percentage-point higher (4.58% percent) than the current discount rate:

	1% Decrease (2.587%)	Current Discount Rate (3.87%)	1% Increase (4.87%)
Mt. San Jacinto Community College District's proportionate share of the MPP's net OPEB liability (asset)	\$ 341,150	\$ 308,435	\$ 278,901

Medicare Cost Trend Rate – The June 30, 2017 valuation uses the 2018 Medicare Part A and Part B premiums as the basis for future premium calculations. Future premiums are assumed to increase with a medical trend rate that varies by year, as shown in the following table:

Years	Part A	Part B
2018-2026	3.40%	4%
2027-2036	4.60%	5.20%

Sensitivity of Mt. San Jacinto Community College District’s proportionate share of the net OPEB liability to changes in the Medicare cost trend rates – The following presents Mt. San Jacinto Community College District’s proportionate share of the net OPEB liability, as well as what Mt. San Jacinto Community College District’s proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the above trend rates:

	1% Decrease	Current Trend Rate	1% Increase
Mt. San Jacinto Community College District’s proportionate share of the MPP’s net OPEB liability (asset)	\$ 281,262	\$ 308,435	\$ 337,660

NOTE 9 – PENSION PLANS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS), and classified employees are members of the California Public Employees' Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflow of resources, and deferred inflow of resources for each of the above plans as follows:

Pension Plan	Collective Net Pension Liability	Collective Deferred Outflows of Resources	Collective Deferred Inflows of Resources	Collective Pension Expense
CalSTRS	\$ 47,097,210	\$ 13,478,071	\$ 2,736,133	\$ 6,348,351

Pension Plans – California Public Employees’ Retirement System (CalPERS), continued

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2019, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before	On or after
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.000%	6.500%
Required employer contribution rate	18.06%	18.06%

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2019, are presented above and the total District contributions were \$3,351,303.

On-Behalf Payments - The District was the recipient of on-behalf payments made by the State of California to CalPERS for community college education. These payments consist of state general fund contributions of approximately \$1,422,263 to CalPERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalPERS

As of June 30, 2019, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$41,948,139. The net pension liability was measured as of June 30, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2018 and June 30, 2017, respectively was 0.1573 percent and 0.1482 percent, resulting in a net increase in the proportionate share of 0.0091 percent.

For the year ended June 30, 2019, the District recognized pension expense of \$6,348,351. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual earnings on plan investments	\$ 344,068	\$ -
Differences between expected and actual experience	2,749,966	-

Actuarial assumptions. For the measurement period ended June 30, 2018 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2017 total pension liability. The June 30, 2017 and the June 30, 2018 total pension liabilities were based on the following actuarial methods and assumptions

Valuation date	June 30, 2017
Measurement date	June 30, 2018
Experience study	July 1, 1997, through June 30, 2011
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include five years of projected ongoing mortality improvement using Scale AA published by the Society of Actuaries. In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses:

Asset Class	Assumed Asset Allocation	Real Return Years 1 - 10*	Real Return Years 11+**
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%

Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%

Discount Rate - The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Schools Pool. The results of the crossover testing for the Schools Pool are presented in a detailed report that can be obtained at CalPERS’ website.

Sensitivity of the District’s proportionate share of the net pension liability to changes in the discount rate - The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is in the following table:

Pension Plans – California State Teachers’ Retirement System (CalSTRS)

General Information about the Pension Plan

Plan Description – The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2015, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

Benefits Provided - The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP. The District contributes exclusively to the STRP Defined Benefit Program; thus, disclosures are not included for the other plans. The STRP provision and benefits in effect as June 30, 2019 are summarized as follows:

	STRP Defined Benefit Plan

Contributions - Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2019, are presented above and the District's total contributions were \$4,118,864.

On-Behalf Payments - The District was the recipient of on-behalf payments made by the State of California to CalSTRS for community college education. These payments consist of state general fund contributions of approximately \$3,964,650 to CalSTRS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalSTRS

At June 30, 2019, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including state share:

District's proportionate share of the net pension liability	\$ 47,097,210
State's proportionate share of the net pension liability associated with the District	26,966,653
Total	\$ 74,668,724

The net pension liability was measured as of June 30, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2018 and June 30, 2017, respectively, was 0.0512 percent and 0.0506 percent, resulting in a net increase in the proportionate share of 0.0006 percent.

Actuarial Assumptions

The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2017 and rolling forward the total pension liability to June 30, 2018. The financial reporting actuarial valuation as of June 30, 2017, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2017
Measurement date	June 30, 2018
Experience study	July 1, 2010, through June 30, 2015
Actuarial cost method	Entry Age Normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant. Based on the model for CalSTRS consulting actuary's investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that the annual returns are lognormally distributed and independent from year to year to develop expected percentiles for the long-term distribution of annualized returns. The assumed asset allocation is based on Teachers' Retirement Board of the California State Teachers' Retirement System (board) policy for target asset allocation in effect on February 2, 2012, the date the current experience study was approved by the board. Best estimates of 10-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-term Expected Real Rate of Return*
Global Equity	47%	6.30%
Fixed Income	12%	0.30%
Real Estate	13%	5.20%
Private Equity	13%	9.30%

NOTE 9 – PENSION PLANS, continued

Pension Plans – California State Teachers’ Retirement System (CalSTRS), continued

Discount rate - The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per Assembly Bill 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.60 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP’s fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District’s proportionate share of the net pension liability to changes in the discount rate - The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.10% percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
Plan's net pension liability	\$ 68,991,902	\$ 47,097,210	\$ 28,944,387

Pension plan fiduciary net position - Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalSTRS CAFR at <http://www.calstrs.com/comprehensive-annual-financial-report>.

NOTE 10 - RISK MANAGEMENT

Insurance Coverages

The District is exposed to various risks of loss related to torts and liability; theft of, damage to and destruction of assets; errors and omissions and injuries to employees. The District obtains coverage for these risks as a member of various joint powers authorities or through the purchase of coverage from a risk retention group. The District uses SAFER for excess property limits of \$250,000,000 per occurrence, with no aggregate and a \$5,000 member retained limit. Then, their excess liability has the first \$1,000,000 worth of coverage through the Statewide Association of Community Colleges (SWACC) and \$24,000,000 excess coverage of \$1,000,000 is in SAFER with a \$10,000 Member Retained Limit.

Joint Powers Authority Risk Pools

During fiscal year ended June 30, 2019, the District contracted with SWACC Joint Powers Authority (JPA) for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

Workers' Compensation

For fiscal year 2018-2019, the District participated in the Protected Insurance Programs for Schools (PIPS) JPA, an insurance purchasing pool. The intent of the JPA is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the JPA. The workers' compensation experience of the participating districts is calculated as one experience, and a common premium rate is applied to all districts in the JPA. Each participant pays its workers' compensation premium based on its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall saving. A participant will then either receive money from or be required to contribute to the "equity pooling fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the JPA. Participation in the JPA is limited to K-12 and community college districts that can meet the JPA's selection criteria.

Insurance Program / JPA Name	Type of Coverage	Limits
Protected Insurance Program for Schools (PIPS)	Workers' Compensation	\$ 155,000,000
Schools Association for Excess Risk (SAFER)	Excess Liability	250,000,000
Statewide Association of Community Colleges (SWACC)	Property (per occurrence)	24,000,000
Statewide Association of Community Colleges (SWACC)	Liability (per occurrence)	25,000,000

Employee Medical Benefits

The District has contracted with REEP for Benefits JPA through Keenan & Associates, Kaiser Permanente, Anthem Blue Cross, United Health, and Pacific Care plans to provide employee medical benefits. The District provides health and welfare benefits to all full-time and permanent part-time employees (20 hours or more). Those employees working less than full-time will receive a pro-rata share of the benefit package. Employees in positions less than 20 hours per week do not receive any fringe benefits.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 10 - RISK MANAGEMENT, continued

If the employee elects not to enroll for health insurance coverage from one of the carriers provided by the District, such employee must provide evidence of other health insurance coverage.

- Medical - The employee has a choice of Kaiser Permanente, Anthem Blue Cross, United Health, and Pacific Care plans. The employee may elect to change carriers once per year during open enrollment. Normally, such election shall be effective July 1 of each year.
- Dental - Delta, MetLife, and MetLife/Safeguard carried insurance coverage for employees and is provided by the District. All employees shall participate in the program.
- Life Insurance - The District provides a \$20,000 group term life insurance policy by a carrier designated by REEP. All employees participate in this life insurance program.

Rates are set by the REEP for Benefits JPA. The District pays monthly premiums which are placed in a common fund with REEP from which claim payments are made for all participating districts. Claims are paid for all participants regardless of the claim's expense. The REEP Board of Directors has the right to return monies to a district subsequent to the settlement of all expenses and claims if a district withdraws from the pool.

NOTE 11 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is a member of the Statewide Association of Community Colleges (SWACC), Schools Association for Excess Risk (SAFER), Protected Insurance Program for Schools (PIPS), Riverside County Employer/Employee Partnerships for Benefits (REEP), and Community Colleges of Riverside County Self-Insurance Program for Employees (CCRCSIPE) Joint Powers Authorities (JPAs). The District pays annual premiums for its property liability, health, and workers' compensation coverage. The relationship between the District and the JPAs is such that they are not component units of the District for financial reporting purposes.

The JPAs have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

The District's share of year-end assets, liabilities, or fund equity has not been calculated.

NOTE 12 - COMMITMENTS AND CONTINGENCIES

Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2019.

NOTE 12 - COMMITMENTS AND CONTINGENCIES, continued

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2019.

Construction Commitments

The District has \$65,779,733 in construction commitments remaining at June 30, 2019. Below is a list of the projects as of June 30, 2019:

NOTE 1 - PURPOSE OF SCHEDULES

District Organizational Structure

This schedule provides information about the District's governing board members and administration members.

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Schedule of Revenues and Expenditures of State Awards

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

Schedule of Workload Measures for State General Apportionment – Annual/Actual Attendance

FTES is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

NOTE TO THE SUPPLEMENTARY INFORMATION
JUNE 30, 2019**

NOTE 1 – PURPOSE OF SCHEDULES, continued

Reconciliation of Annual Financial and Budget Report (CCFS-311) With Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the District's internal fund financial statements.

Reconciliation of the ECS 84362 (50 Percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

Details of the Education Protection Account

This schedule provides the District's summary of receipts and uses of the monies received through the EPA.

Combining Balance Sheet – Fund Equity

This schedule presents the assets, liabilities and fund equity of the District's governmental funds.

Reconciliation of Governmental Funds to the Statement of Net Position

This schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements, prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35 business-type activities reporting model.

**OTHER INDEPENDENT
AUDITORS' REPORTS**

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees
Mt. San Jacinto Community College District
San Jacinto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Mt. San Jacinto Community College District, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Mt. San Jacinto Community College District's basic financial statements, and have issued our report thereon dated October 31, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Mt. San Jacinto Community College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Mt. San Jacinto Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Mt. San Jacinto Community College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. Control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Mt. San Jacinto Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees
Mt. San Jacinto Community College District
San Jacinto, California

Report on Compliance for Each Major Federal Program

We have audited Mt. San Jacinto Community College District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Mt. San Jacinto Community College District's major federal programs for the year ended June 30, 2019. Mt. San Jacinto Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Mt. San Jacinto Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Mt. San Jacinto Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Mt. San Jacinto Community College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Mt. San Jacinto Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Mt. San Jacinto Community College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Mt. San Jacinto Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Mt. San Jacinto Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

The Board of Trustees
Mt. San Jacinto Community College District
San Jacinto, California

Report on State Compliance

We have audited Mt. San Jacinto Community College District's compliance with the types of compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2018-19*, issued by the California Community Colleges Chancellor's Office for the year ended June 30, 2019.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on Mt. San Jacinto Community College District's compliance with the requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *California Community Colleges Contracted District Audit Manual (CDAM) 2018-19*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about Mt. San Jacinto Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Mt. San Jacinto Community College District's compliance with those requirements.

Opinion on State Compliance

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2019.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine Mt. San Jacinto Community College District's compliance with the state laws and regulations applicable to the following items:

Section 421 – Salaries of Classroom Instructors (50 Percent Law)
Section 423 – Apportionment for Instructional Service Agreements/Contracts
Section 424 – State General Apportionment Funding System
Section 425 – Residency Determination for Credit Courses
Section 426 – Students Actively Enrolled
Section 427 – Dual Enrollment of K-12 Students in Community College Credit Courses
Section 430 – Scheduled Maintenance Program
Section 431 – Gann Limit Calculation
Section 435 – Open Enrollment
Section 439 – Proposition 39 Clean Energy
Section 440 – Intersession Extension Program
Section 444 – Apprenticeship Related and Supplemental Instruction (RSI) Funds
Section 475 – Disabled Student Programs and Services (DSPS)
Section 479 – To Be Arranged Hours (TBA)
Section 490 – Proposition 1D State Bond Funded Projects
Section 491 – Proposition 55 Education Protection Account Funds

The District reports no Instructional Service Agreements/Contracts for Apportionment Funding; therefore, the compliance tests within this section were not applicable.

The District reports no attendance within classes subject to the TBA Hours; therefore, the compliance tests within this section were not applicable.

The District did not receive Apprenticeship Related and Supplemental Instruction Funds; therefore, the compliance tests within this section were not applicable.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2018-19*. Accordingly, this report is not suitable for any other purpose.
