

We are happy you've chosen ID Theft Protector powered by ID Theft Assist to protect your identity. Your coverage remains the same for the coming year.

If you activated monitoring when you first enrolled, you are all set! Through your registered email account, you should receive All Clear notices from ID Theft Assist every month unless you have been notified of an alert or action on your account during that month.

If you have not activated monitoring, please refer to your Member Handbook. You will need the Subscription ID printed on the unique Member Handbook you received when you first enrolled. You are not eligible for the \$1,000,000 ID Theft insurance coverage if your account is not activated for credit monitoring.

To activate your monitoring benefits, please visit our website:
<https://idandcredit.com/idtheftassist>

Enter your Subscription ID found on your ID Theft Assist transition email and zip code and follow the steps to complete the enrollment process. You will be walked through the process of activating credit monitoring which takes only a few minutes.

For any product-related questions, please contact your Account Executive or Benefits Administrator!

If you have any activation questions or suspect your identity is compromised in any way, immediately call 1-866-262-5844.
