

SCIENCE, MATH & ENGINEERING PATHWAY PROGRAM MAP: CATALOG YEAR: 2020-21

Environmental Science: Associate in Science for Transfer CSU

The environment on which humans depend is under unprecedented pressure to maintain the lifestyles and economies of the world's population. Sustainable solutions to global problems have never been as imperative as they are today. The environmental studies program engages students in a rewarding and multidisciplinary approach to understanding how humans impact the environment.

Scheduling Notes

Science and math courses can be challenging! But you don't have to do it alone! Take advantage of tutoring services provided by the college and create study groups with your peers!

Helpful Hints

There is only one environmental science course required in the major, but there are more to come when you transfer. Maintain your momentum and your interest by getting involved with other students in the environmental club!
