<p>Articulation Assessment based on the following:</p> <p>Course catalog: <b>National University            2018-2019</b>  <b>Volume #82    January 2019</b></p>	
<p>National University will accept the following General Education certifications: California State University (CSU) General Education certification and the Inter-Segmental General Education Transfer Curriculum (IGETC).</p> <p>All requirements for CSU General Education and IGETC must be completed and certified prior to transfer to National University. The University will not accept partial certifications. Students transferring with full certification will be required to take only upper-division general-education courses at National in order to fulfill the unit requirement for general education, typically one to three courses. Students must provide an official transcript with the certification included or provide a separate certification form.</p>	
<p>An Articulation agreement identifies courses National University will accept in transfer. The Articulation Agreement may not include all transferable course work. Under no circumstances will National University accept transfer credit for a course in which the student earned "D+" or lower grade.  Transfer courses may be subject to restrictions such as but not limited to: residency requirements, degree requirements, grades and units earned (refer to the current catalog for details).</p> <p><b>*HONORS COURSEWORK* Any Honors section of the same course will fulfill the same requirement</b></p> <p><b>**Associate of Arts and Associate of Science General Education Requirements** see National University's Catalog #82</b></p> <p><b>The list above does not encompass all coursework required for degree completion. The list contains only lower division coursework accepted from transferring institution. National University does not grant articulation for lower division (100-200) courses to meet upper division (300-400) content.</b></p> <p>Articulation references may be updated or amended at any time.</p>
